SOLAR supports the values of “Diversity”, “Equity”, and “Inclusion”, believing that these principles are the foundation for building a healthy and positive workplace culture and are crucial to achieving “sustainable corporate development”. We aim to continue creating a work environment that is respectful, inclusive, and offers equal opportunities, where every employee can unleash their potential, accomplish their self-worth, and co-create a better future together with the company.

尊重多元，實現平等

光洋應材尊重員工的獨特性與差異，竭力遵循法令規定與國際公認之人權政策，無論在聘用、升遷、教育訓練與各樣政策上，皆不以性別、性傾向、年齡、種族、國籍、宗教與政治立場為由，予以歧視。

Respect for Diversity, Achieving Equity

SOLAR respects the uniqueness and differences of our employees. We adhere strictly to legal regulations and committed to internationally recognized human rights policies. We do not discriminate on the basis of gender, sexual orientation, age, race, nationality, religion, or political stance in hiring, promotion, training, and various policies.

營造共融，持續落實

Creating Inclusion, Continuously Implementing

SOLAR helps employees cultivate awareness of respect and embrace diversity through regular training and policy promotion. We hold regular labor-management meetings and establish the "Directions for Prevention and Management of workplace misconduct". By providing various communication and grievance channels, we create an open ambiance, maintain a trustworthy organization atmosphere, and actively eliminate any form of discrimination and harassment. We ensure that the values of “Diversity”, “Equity”, and “Inclusion” are continuously deepened within the

organizational culture, accomplishing the third tenet of the culture beliefs and declaration of SOLAR, "Employees First."
